**INFORMATION FOR GENERAL STALL HOLDERS**

**Powered Stalls**

If you are having a powered stall, all electrical equipment including power leads, must be tagged by a qualified electrician before use. An electrician will be on site in the morning to certify all equipment is safe before use. If any un-tagged leads or unsafe electrical items are found, you will be charged a fee to have them tested and tagged, as per Brisbane City Council safety regulations. We recommend that you get you leads checked prior to Fair Day, as this will save time and added expense for you

**Community Tent**

The fee is higher than if you provide your own tent but includes your site within the Community Tent, a 2.4 meter table and two chairs. Everything will be set up for you. ## **Stall Holder Information Fair Day 2008**

Entry for all stall holders is via Edmondstone Street, Musgrave Park, South Brisbane. Stall Holders will be granted access to the park from 8am with all vehicles off site by 10:30am. Any stall holders who arrive after 10.30am will not be able to bring vehicles on site and will be required to carry all equipment to their designated area.

All Stall holders will be directed to their designated Site by Fair Day staff and volunteers, upon arrival. These sites will be finalized within the week prior to Fair Day, and all requests will be taken into consideration but no guarantee of positions will be given. The Fair Day Coordinator will place stalls as is deemed most appropriate.

The park will open to the general public at 11am. Stall holders arriving after that time will only be granted entry with permission of the Fair Day Coordinator. **No refunds** are given to stall holders who fail to turn up or arrive late.

An electrician will be on site to ensure all leads and electrical devices carry appropriate test tags. All leads and devices found to be faulty will need to be removed from the park or tagged at the expense of the stall holder. At the discretion of the electrician a fee may be charged to test and tag or repair equipment.

A stalls list will be at the rear gate and stall holders will be checked off and two entry passes provided per stall. All additional people on site for a stall site will need to pay the required \$10 entry fee.

Food stall holders with large vans are able to bump in on the previous day Fri 13<sup>th</sup> after 2pm. Please call Kylie on 0427 114 696 once you arrive onsite to be positioned and to have power supplied. Please ensure that you carry with you all relevant licensing material in the event that a health and safety officer from BBC visits the site. (Food permit and insurance)

In the evening no vehicles will be granted access to the park until after 6pm or until police have given the all clear. If you wish to leave prior to this time, you will be required to carry all of your equipment by hand to your vehicle. Any stall holders in the lower part of the park will be unable to move their vehicles or bring vehicle on site until after 9pm or until Police have given the Ok. This will be based on the movement of patrons from the event area.

Vehicle permits must be displayed on the dash of the vehicle at all times while inside the park. This makes it easier for police and pride crew to identify authorized vehicles.

All vehicles entering the site will obey a 10km speed limit and will ensure their hazard lights are on. All stall holders will operate under the direction of the Fair Day Coordinator and Festival Staff.

**Brisbane Pride does not take any responsibility for lose of damage of items brought on site.**
